## WORK OR WALK

The Strikers at Warsaw to Take Choice Tomorrow

### CHIEF OF POLICE SAYS

It Is Believed That the Worst of the Troubles in Russian Poland Are Over—The Strike Is Described as a Political Movement.

Warsaw, Feb. 12.—Baron Nolken, chief of police of Warsaw, who has just returned from a conference with Governor General Tcherkoff of the province of Warsaw, today gave the Associated Press the following details regarding the state of affairs in this district: "The strike continues in all of the big factories. Tomorrow the manufacturers are coming to see me to discuss the situation and on Tuesday I purpose seeing some representatives of the strikers."

"Unless the strikers return to work the police will expel all those living outside of the Warsaw district. If they will not work they must go home. The men have no money and it seems impossible that the strike can continue much longer. Our task is one of great

Delegate Wilson Says No Danger of Statehood

### NOR LOSS OF STRIP

There Will Be, He Says, no Statehood for Anybody—Some of the Things Which Are Liable to Happen in Congress This Week.

Define assurance that the identity of Arizona will not be lost among the New Mexicans and that the strip north of the Grand Canyon will be preserved to this territory came from Delegate Wilson last night in the subjoined telegram to Speaker Webb of the legislative assembly.

Washington, D. C., Feb. 12. Hon. W. T. Webb, Phoenix, Ariz.

There is no danger of the Utah territory of our northwest strip attempted by Kearns for a change of vote, being made. We will defeat everything. Therefore, no jointure, no Utah steal, no statehood for anybody. Do not fear for we have it well in hand and will control the situation.

J. F. WILSON.

THE HOUSE'S PROGRAM.

Washington, Feb. 12.—The naval appropriation bill will be taken up by the house on Monday as soon as the legislation for the District of Columbia has been disposed of. The naval bill will be attacked on several grounds. The first is to be taken with the committee in its provisions for new ships. The topic of armor plate contracts is to fill its accustomed place on the program while submarine boats and torpedo boats are to form a basis of offensive and defensive argument.

The best estimate that can be made is that at least four days will be consumed in getting legislative action on this bill in the house. It is to be followed by the river and harbor bill. Should the decks be cleared at any time, the proposed legislation on the Panama canal project, which is continuing in order, will be discussed.

SWAYNE TRIAL IN SENATE.

Washington, Feb. 12.—The attention of the senate during the present week will be divided between the Swayne impeachment trial and the appropriation bills. The agricultural bill is still under discussion. The District of Columbia bill then will be taken up.

A MILLION PER MINUTE

The Rate at Which the S. P.'s New Bonds Were Taken Up.

New York, Feb. 12.—The really remarkable success of the Southern Pacific refunding bond issue was the principal topic of discussion in banking circles at the close of last week. The general comment was that when a railroad like the Southern Pacific, which has never paid a single dividend on its common stock, can sell \$75,000,000 of bonds to investors within two hours after the opening of the books, there cannot be any question regarding the soundness of the general financial situation in this country. The extraordinary demand which arose for the bonds is considered proof conclusive that the supply of investment capital in this country is in excess of the output of securities.

The sale of the \$75,000,000 of Southern Pacific bonds to investors during two hours after the opening of the books on Friday ranks as one of the quickest bond sales on record. The bonds were sold at the rate of nearly

\$1,000,000 a minute. The two banking houses that handled the sale of the bonds—Kuhn, Loeb & Co. and Speyer & Co.—are understood to have made a profit of more than \$2,000,000.

About one-third of the issue, or \$25,000,000, is understood to have been sold to foreign investors through the foreign connections of the two banking houses which underwrote the entire issue. Another \$25,000,000 was purchased by life insurance companies, trust companies and other financial institutions. The remaining \$25,000,000 was sold to retail bond dealers and large private investors. Altogether, the entire issue of \$75,000,000 were sold to about 500 individuals and institutions.

SOUND MONEY IN MEXICO.

An Inducement for Heavier American Investment.

New York, Feb. 11.—General Manager Schuchert of the Big Four, who has been out in Mexico says of the railroad business there:

"The stabilizing of the currency will be of the greatest help to the railroad interests, both in the improvement of the service of the present lines and in situating the building of other lines. Heretofore many American capitalists have refrained from investing in Mexican railroad stocks because there was considerable danger of loss from the fluctuation of silver and because the profits of a road were uncertain owing to the fact that most of the supplies of the road would have to be purchased with gold while the earnings of the road, which would have to pay the bill were subject to depreciation through the changing of the value of silver."

"I am inclined to making the investment in Mexican railways an uncertain venture."

## PRESCOTT WON

Highlanders Divide Honors With Phoenix Team

### YESTERDAY'S CONTEST

It Was Very Close, Was Well Played, and Errorless for the Visitors, Who Won by a Neck—No Game Today, Leaving the Teams Tied.

Prescott 3, Phoenix 2.

There was a little spell of Prescott weather here yesterday that played right into the hands of the Highlanders who demonstrated that all they needed to play good ball was a congenial atmosphere. For the first time since the organization of the Phoenix association team, that aggregation got a crimp put into it to the great delight of all fans. Not that Phoenix is lacking in patriotic enthusiasm but it is only the swine family that want all the swill. The boys have shown that they can play the right kind of ball and now it will do them good and encourage other teams. If they get the short end of it once in a while, providing always that they get fair treatment. That was the situation yesterday and the visitors earned all they got. And they didn't get the purse either until the very last end of the race.

It should be said to the everlasting credit of the sport-loving public of Phoenix that there was a mighty poor representation of their element out yesterday and a consequent contraction of the currency available at the gate. It was of course a raw, cold day which kept a great many away, still there are many who might have turned out as well as not had they desired to help the baseball cause along.

The audience would have been considered a fair one for a week day but it was small for a Sunday showing. However, it was enthusiastic and those who failed to go missed one of the good games of the season. It was so much better than the day before that a comparison would be odious. Goldy played with the Prescott team and Durett was in the box, with Cate behind the bat. Durett lacked the speed of Hartwell who pitched for the home team but he made a good showing and for that matter the whole team did, playing an errorless game. The Phoenix team only made three errors. The summary shows a number of double plays, two baggers and other spectacular events that prove the good playing on both sides. The two runs made by Phoenix, both in the first inning. The visitors scored once in the fifth and got the other two in the finishing play, so there was never safety for either side, until the last ball was thrown.

Four of the Prescott men had to return home on this morning's train and they were still without a pitcher for today's game, so the team decided to all go home without playing a game today as had been expected. The weather too, looked rather forbidding and with the poor turnout yesterday it was feared another day would mean only an enlargement of the hole in the sack.

GAME BY INNINGS.

Loman went to bat for Phoenix and walked. Haynes fanned and Loman stole second going to third on wild pitch and scoring on Myers's hit. Luttergding drove to short who threw Myers out at second. Luttergding moved on a passed ball and scored on C. Burgett's hit. Collins was hit by pitcher and Carroll was put out third to second, trying to steal. The visitors went out one, two, three. Collins earned the plaudits of the bleachers by running after Goldy's fly, falling and then raising and catching it on his knees.

In the second inning Prescott's men to make three outs Durham getting as far as first but perishing on Loman's drive to short who threw to second. Walden and Hartwell were the other victims. It also took four visitors to make three outs for one of them. C. Burgett was hit by pitcher and walked. Anderson died at first. Downs fanned and W. Burgett flew to right field.

In the third Haynes was out second to third and Myers got a two bagger but Luttergding and Carroll were killed before he realized one in the fifth and got the other two in the finishing play, so there was never safety for either side, until the last ball was thrown.

Fourth—Collins killed at first. Walden walked but was killed in the running. Durham hit safe as also did Hartwell, thus breaking his clean record for fanning. Loman out third to first. The visitors went out one, two, three. Burns, Goldy, Anderson.

Fifth—Haynes bunted safe and stole second while Myers and Luttergding were flying out. Carroll killed, short to first. Visitors: C. Burgett went to first and Downs was hit by pitcher and moved to second while W. Burgett went out second to first. Durett hit a two bagger when the grand stand grew enthusiastic. This was the first record for the mountaineers and the score was then 2-1 in favor of Phoenix.

Sixth—Collins made first but died at second on Walden's strike. Durham was put out and Walden was caught stealing. For Prescott Cate made first on a wild throw of pitcher and started to steal second just as Burns struck out, when Catcher Loman threw to second, killing both men in the double play.

Seventh—Hartwell, Loman and Haynes were put out. For Prescott, C. Burgett put the ball over the fence. Downs drove to first and died as did W. Burgett, the latter being a fly. Carroll instantly threw to third and C. Burgett was killed for the crime of making a two bagger.

Eighth—in the eighth, Myers, Luttergding, Carroll, Collins and Walden were up. Carroll and Collins died on bases, the interesting feature of this half being Carroll's stealing of two bases. Four men up for Prescott but

## WORST WINTER

The Coldest Spell Recorded in Many Years

### A TYING UP OF TRAINS

Great Suffering Throughout Oklahoma and Indian Territory—Wave Extends From Minnesota and Montana Into Tennessee and Arkansas

Kansas City, Feb. 12.—The coldest weather in years prevails in this section tonight. At Kansas City it was 18 degrees below zero; at Concordia, Kan., 22 below; at Lawton, Ok. T., 14 below and at Tulsa, I. T., 7 below zero.

In Oklahoma and Indian Territory the weather is the coldest since 1893, and there is much suffering among the poor, who were caught unprepared. Cattle are also suffering. Great anxiety is felt for the Indian tribes, which are in no condition to withstand the storm and experts say dozens of them will die as the result of the blizzard.

Railroad traffic is impeded in Kansas by a high wind which has piled snow in the railroad cuts. The west-bound Santa Fe through passenger train No. 5, today collided with a freight train which was stuck in a snow drift near Newton, Kansas. One engineer was hurt and both engines were smashed, but no passengers were injured.

At Ottawa, Kan., where it is 11 below, a coal famine is threatened. The drain upon dealers because of weeks of intensely cold weather has depleted the stocks and mines in that vicinity are unable to fill orders because the railway is practically tied up with a snow blockade.

At Tulsa, I. T., work in the oil and gas fields has been stopped and railroad traffic is interrupted.

STALLED IN THE SNOW.

A Missouri Pacific Freight Train Hit by a Passenger.

Kansas City, Feb. 12.—Missouri Pacific passenger train No. 5, from Colorado to Kansas City, collided with a freight train, stalled in the snow near Gypsum City, Kan., tonight. Missouri Pacific officials here say only three persons were injured, none seriously. Each train was pulled by two engines, all of which were wrecked.

THE COLDNESS OF ST. JOE.

St. Joseph, Mo., Feb. 12.—The city is threatened with a coal famine by reason of the inability of the railways to move fuel in fast enough. It was 18 below here tonight.

IOWA AND NEBRASKA.

Way Below Zero and the Mercury Stagnantly Falling.

Omaha, Feb. 12.—Sixteen degrees below zero was recorded here tonight with a prospect of ten degrees lower temperature before morning. Reports from over Nebraska and western Iowa indicate a similar severe condition of temperature.

Railway trains, in all directions, have been badly delayed. West-bound Burlington passenger No. 42, was stuck in the drifts near Edward, Neb., for eleven hours. The passengers in many instances were without food. Later the train was sent back to Lincoln, headed by a snow plow.

Near Creston, Iowa, a passenger train drawn by two engines on the Burlington road, was wrecked. Engineer E. P. Allen of Lincoln, Neb., was killed and four members of the crew were scalded. The passenger coaches did not leave the track and the passengers were uninjured.

LOWEST IN SIX YEARS.

Fergus Falls, Minn., Feb. 12.—The government thermometer registered 38½ below zero in this city tonight, the lowest in the past six years.

HELENA, MONT.

Helena, Mont., Feb. 12.—The temperature in Helena this morning reached the lowest of the winter, 39 below. This afternoon it began to rise and since six o'clock, it has gone up at the rate of one degree an hour. It is ten below tonight and cloudy.

THE SUNNY SOUTH.

Tennessee and Arkansas Threatened With Zero Weather.

Memphis, Tenn., Feb. 12.—Memphis today experienced a drop of nearly 25 degrees in the temperature and tonight the thermometer registers 10 above with snow falling. In Arkansas the temperature is nearing the zero mark and a light snow is falling.

## IT WAS "FIRE PROOF"

Yet It Was the Nest of Almost a Half-Million-Dollar Fire.

Seattle, Wash., Feb. 12.—Fire destroyed the eight-story building of the Schwabacher Hardware company early this morning. The entire building was gutted and the walls were partially destroyed. After the flames reached the packing room on the third floor hundreds of loaded cartridges began to explode and the firemen were unable to approach within fighting distance. There were several explosions of giant powder, but no one was hurt.

It is believed the fire was caused by crossed electric wires over a telephone wire on the third floor. The building was what is known as fire proof and was erected at a cost of \$150,000. The total loss is estimated approximately at \$400,000, covered by insurance.

## PRESCOTT WON

Highlanders Divide Honors With Phoenix Team

### YESTERDAY'S CONTEST

It Was Very Close, Was Well Played, and Errorless for the Visitors, Who Won by a Neck—No Game Today, Leaving the Teams Tied.

Prescott 3, Phoenix 2.

There was a little spell of Prescott weather here yesterday that played right into the hands of the Highlanders who demonstrated that all they needed to play good ball was a congenial atmosphere. For the first time since the organization of the Phoenix association team, that aggregation got a crimp put into it to the great delight of all fans. Not that Phoenix is lacking in patriotic enthusiasm but it is only the swine family that want all the swill. The boys have shown that they can play the right kind of ball and now it will do them good and encourage other teams. If they get the short end of it once in a while, providing always that they get fair treatment. That was the situation yesterday and the visitors earned all they got. And they didn't get the purse either until the very last end of the race.

It should be said to the everlasting credit of the sport-loving public of Phoenix that there was a mighty poor representation of their element out yesterday and a consequent contraction of the currency available at the gate. It was of course a raw, cold day which kept a great many away, still there are many who might have turned out as well as not had they desired to help the baseball cause along.

The audience would have been considered a fair one for a week day but it was small for a Sunday showing. However, it was enthusiastic and those who failed to go missed one of the good games of the season. It was so much better than the day before that a comparison would be odious. Goldy played with the Prescott team and Durett was in the box, with Cate behind the bat. Durett lacked the speed of Hartwell who pitched for the home team but he made a good showing and for that matter the whole team did, playing an errorless game. The Phoenix team only made three errors. The summary shows a number of double plays, two baggers and other spectacular events that prove the good playing on both sides. The two runs made by Phoenix, both in the first inning. The visitors scored once in the fifth and got the other two in the finishing play, so there was never safety for either side, until the last ball was thrown.

Four of the Prescott men had to return home on this morning's train and they were still without a pitcher for today's game, so the team decided to all go home without playing a game today as had been expected. The weather too, looked rather forbidding and with the poor turnout yesterday it was feared another day would mean only an enlargement of the hole in the sack.

GAME BY INNINGS.

Loman went to bat for Phoenix and walked. Haynes fanned and Loman stole second going to third on wild pitch and scoring on Myers's hit. Luttergding drove to short who threw Myers out at second. Luttergding moved on a passed ball and scored on C. Burgett's hit. Collins was hit by pitcher and Carroll was put out third to second, trying to steal. The visitors went out one, two, three. Collins earned the plaudits of the bleachers by running after Goldy's fly, falling and then raising and catching it on his knees.

In the second Prescott's men to make three outs Durham getting as far as first but perishing on Loman's drive to short who threw to second. Walden and Hartwell were the other victims. It also took four visitors to make three outs for one of them. C. Burgett was hit by pitcher and walked. Anderson died at first. Downs fanned and W. Burgett flew to right field.

In the third Haynes was out second to third and Myers got a two bagger but Luttergding and Carroll were killed before he realized one in the fifth and got the other two in the finishing play, so there was never safety for either side, until the last ball was thrown.

Fourth—Collins killed at first. Walden walked but was killed in the running. Durham hit safe as also did Hartwell, thus breaking his clean record for fanning. Loman out third to first. The visitors went out one, two, three. Burns, Goldy, Anderson.

Fifth—Haynes bunted safe and stole second while Myers and Luttergding were flying out. Carroll killed, short to first. Visitors: C. Burgett went to first and Downs was hit by pitcher and moved to second while W. Burgett went out second to first. Durett hit a two bagger when the grand stand grew enthusiastic. This was the first record for the mountaineers and the score was then 2-1 in favor of Phoenix.

Sixth—Collins made first but died at second on Walden's strike. Durham was put out and Walden was caught stealing. For Prescott Cate made first on a wild throw of pitcher and started to steal second just as Burns struck out, when Catcher Loman threw to second, killing both men in the double play.

Seventh—Hartwell, Loman and Haynes were put out. For Prescott, C. Burgett put the ball over the fence. Downs drove to first and died as did W. Burgett, the latter being a fly. Carroll instantly threw to third and C. Burgett was killed for the crime of making a two bagger.

Eighth—in the eighth, Myers, Luttergding, Carroll, Collins and Walden were up. Carroll and Collins died on bases, the interesting feature of this half being Carroll's stealing of two bases. Four men up for Prescott but

no runs and one error charged to Phoenix third baseman.

Ninth—This inning is where the course of human events was changed. In the first half Hartwell was killed at second and Loman at first by a double play. Durham made the other out. The last half was the real thing. Goldy hammered to pitcher who beat him to first. Anderson made first and stole second, when the rooters awakened and got into the game. C. Burgett knocked a two bagger and Anderson scored. Downs hit safe and the ball was thrown wild to third when Burgett scored giving the visitors one run to the good and the game ended with one man out.

## KANSAS CITY MARKETS

A Review of Prices and Conditions of the Past Week.

Kansas City, Mo., Feb. 11.—Cattle receipts last week were rather light as the continued bad weather has made it hard to get in from the country. The same conditions were in effect yesterday and only 4000 head are here and small runs elsewhere. The light run last week met higher prices for the best cattle, but probably the majority of the receipts sold barely steady, medium to common cows and heifers were lower. Packers claimed the weather made it hard or impossible for them to ship and their product, many refrigerator cars were tied up in the east. Now, however, the run is so light that no arguments are of avail to the buyers and market is strong to ten cents higher, covering pretty well everything. Stockers and feeders have been quiet, and the supply of them has been small for two or three weeks. Demand has also been limited, as few feeders like to put cattle in the feed lot in zero weather, but prices are about steady. Fed western steers sell at \$3.75 to \$5.00, unless extra finished. Western fed she stuff sell at \$3.00 to \$3.75, stockers \$2.75 to \$3.40, a few just right, above that. Texas fed steers sold up to \$4.30 last week, Nebraska fed westerns \$4.65, Panhandle feeders \$4.05 western and Panhandle calves \$5.00 to \$6.25, heavy calves \$2.75 to \$4.50. The market should be able to take care of liberal runs if the weather breaks up soon.

The sheep and lamb market gained steadily every day last week, and closed at the highest point of the season on all classes. Monte Vista lambs sold at \$7.35 to \$7.50 and native lambs up to \$7.50 and practically all the lambs above \$7.15. Yearlings sell at \$6.25 to \$6.60, weathers up to \$5.55, ewes \$5.10, although market on ewes was not fully tested. These prices were all for westerns. The market has every appearance of extreme strength, but a good many are afraid of it, as present range looks dizzy, and cowboys are evidently have urgent orders, though, and markets are not only strong, but active and snappy.

THE RATE AT WHICH THE S. P.'S NEW BONDS WERE TAKEN UP.

New York, Feb. 12.—The really remarkable success of the Southern Pacific refunding bond issue was the principal topic of discussion in banking circles at the close of last week. The general comment was that when a railroad like the Southern Pacific, which has never paid a single dividend on its common stock, can sell \$75,000,000 of bonds to investors within two hours after the opening of the books, there cannot be any question regarding the soundness of the general financial situation in this country. The extraordinary demand which arose for the bonds is considered proof conclusive that the supply of investment capital in this country is in excess of the output of securities.

The sale of the \$75,000,000 of Southern Pacific bonds to investors during two hours after the opening of the books on Friday ranks as one of the quickest bond sales on record. The bonds were sold at the rate of nearly
